## BENEFITS AT A GLANCE

*Benefit options to fit your needs*

### MEDICAL

Major medical insurance is a type of health care coverage that provides benefits for a broad range of medical expenses that may be incurred either on an inpatient or outpatient basis.

### HSA

A Health Savings Account (HSA) is a personal savings account where the money can only be used for eligible medical expenses. Unlike a flexible spending account (FSA), the money rolls over year to year however only those funds that have been deposited in your account can be used. Contributions to a Health Savings Account can only be used if you are also enrolled in a High Deductible Health Care Plan (HDHP).

### DENTAL

Dental insurance is a coverage that helps defray the costs of dental care. It insures against the expense of routine care, dental treatment and disease.

### VISION

Vision insurance provides coverage for routine eye examinations and can help with covering some of the costs for eyeglass frames, lenses or contact lenses.

### LIFE AND AD&D

Group term life is the most inexpensive way to purchase life insurance. You have the freedom to select an amount of life insurance coverage you need to help protect the well-being of your family.

Accidental Death & Dismemberment is life insurance coverage that pays a death benefit to the beneficiary, should death occur due to a covered accident. Dismemberment benefits are paid to you, according to the benefit level you select, if accidentally dismembered.

### DISABILITY

Disability insurance protects one of your most valuable assets, your paycheck. This insurance will replace a portion of your income in the event that you become physically unable to work due to sickness or injury for an extended period of time.

### ACCIDENT

Do you have kids playing sports, are you a weekend warrior, or maybe accident prone? Accident plans are designed to help pay for medical costs associated with accidents and benefits are paid directly to you.
